

## President's Newsletter - February 2022

It has been a challenge for this Board to deal with the changes in dates for Men's Club events. These changes were not our doing, we just have had to deal with them and we appreciate those of you who have accepted these changes graciously. Enough said.

Bill Gorgone our Tournament Chairman and Mike Wolf our Treasurer have been putting together 3 Tournaments and preparing budgets for each. Upcoming is our Couples Club Championship on Monday 2/14 which is getting good participation. After that we have the Club Championship which is 2/28, 3/1 and 3/7. If you are competing for the Club Champ you will be required to play all 3 days from the Blue/Gold. If you choose to play for the Net Club Championship you will be required to play 3/1 and 3/7 from the designated tee box you have signed up for on Men's Club Day. We will have a luncheon to celebrate the winners on 3/7. Next is the Member/Guest and Member/Member on 4/4 and 4/5. The committee has been chosen and you will be getting some information soon on this very popular tournament.

As you can see everything comes at once and your Board Members deserve some credit for working hard to get these Tournaments together.

On 3/28 we will be having a General Membership Meeting at 3 PM, drink tickets will be provided. We will be discussing among other topics how we can get more participation in our Tournaments. Besides the change in dates, which were out of our control, how can we increase the numbers?

Men's Club would like to welcome our newest member Bob West.

John Clough has taken on the role of Rules Chairman and I want to thank Greg Henry, who served as Rules Chairman for years, for doing

such a great job in deciphering such a complicated Rules Book and responding to numerous calls from me seeking a rules judgement.

Lots going on between Dennis Asher's Monday play (who is doing a fantastic job) and upcoming Tournaments. Get involved, stay healthy and see you on the golf course.

Tom Sweet, President
