

Gentlemen, a few things to report as we are winding down our year before the Snowbirds head for home.

The Club Championship has just concluded. We now have a new Club Champ and first-time winner, as Al Clark beat a close field to capture the low gross Club Championship title. The low net B flight Club Champion was Bill Groth and the C flight Club Champion was Dennis Tramer - both were also first-time winners. Congratulations to all.

Upcoming Events: We have our two-day Member/Member and Member/Guest April 3rd (Monday) and April 4th (Tuesday). This will be our last Tournament of the season as the Snowbirds will be heading home for the summer. We need your participation in this tournament at Palm Desert Resort. Tee times have been booked for a practice round on Sunday, which is not included in the tournament. Lots of prize money, KP's, pari-mutuel betting and get together on Sunday. Check the flyer that has been sent out. More info will be forth coming.

There was a request to all members of the club asking why we are having low participation on all events. I did include almost all responses in a recent communication. Basically--- everyone is fed up with not being able to play golf here at Trilogy and having to drive to the golf course, also, we have been having some lousy weather. There was some dissatisfaction with the golf course and tee times but the Board cannot please everyone and are trying our best. There were some great comments and thanks to all for taking the time to get them to me.

In closing I want to thank the entire Board for the work they have been doing and the work going forward. It has not been easy.

Let's all hope Brian Mooney, Mark Reider and the HOA board can turn this Trilogy Golf Course around and get us back to playing here. Thanks for all the hard work you all have been doing on the members behalf.

We will be announcing the date of an upcoming General Membership Meeting soon.
